## Summary

Flash Fic. After Sailor Stars. Ami swims at the beach and she reflects on her life.

- A translation of [Ami dans l'eau](#) by [MiaQc](#)

I am at the beach. As I swim, I think about my life. About my childhood. About my father's departure. About my mother, often at work. About my early adolescence. About my former loneliness. About my first meeting with Usagi. About my first transformation into Sailor Mercury. About the fights that followed. About my other friends, Rei, Makoto, and Minako. About the other Sailor Guardians. Sailor Uranus, Neptune, Pluto, Saturn. About the future, where peace seems to be here for good. About my career in medicine. About my... marriage? Was I going to get married? To whom? I wonder as I dive into the water.
